

Hey, everyone 😊

Today we'll be talking about your most precious possessions.

Well, perhaps a little less precious, but still... 😊

Open your books on pages 60 and 61

Exercise 1

To warm up, just match the words to the pictures.

Exercise 3a

Now, read the texts for each person and write down the words you don't understand. Then, find their meaning in the dictionary.

And now, time for your "precioussssss" 😊

Think about your most precious possession and write a few sentences about why it means so much to you. It doesn't only have to be practical (so think beyond your phones). 😊

To help you think of something, imagine your house or flat was on fire. You only have time to grab one thing from your room. What would it be?

And here are three bonus questions:

1. Which film series are the picture and the video from?
2. Who directed the films?
3. Who was the author of the book that was the inspiration for the films?

That's all for today, have a great weekend 😊
