

Hello, everyone 😊

Today we will do some exercises in your workbooks, but first, we will review the use of “some” and “any”

Danes bomo naredili nekaj vaj v delovnem zvezku, najprej pa na hitro ponovimo rabo izrazov “some” in “any”.

Lahko si pomagata z zapisi v zvezkih, ali pa s stranjo 107 v delovnem zvezku

Some and any
Some in any

15a We use *some* and *any* to talk about an indefinite quantity or number.
Some in any izražata nedoločeno količino ali število.

15b We use *some* in affirmative sentences, and *any* in negative sentences and questions.
We use them before plural countable nouns:
Some uporabljamo v trditeljih stavkih, any pa v nikalnih in vprašalnih. Stojita pred števničnimi samostalniki v množini:

*I've got **some** sandwiches.*
*There aren't **any** trains today.*
*Do you know **any** English songs?*

and before uncountable nouns:
in pred neštevnimi samostalniki:

*I've got **some** money. There isn't **any** pasta.*
*Have you got **any** paper?*

Don't forget – “some” in affirmative sentences, “any” in negative sentences and questions.

Ne pozabi – “some” v trditeljih, “any” v nikalnih in vprašalnih stavkih.

Now, open your workbooks on pages 64 and 65 and start writing 😊
Odprite delovne zvezke na straneh 64 in 65 in začnite z reševanjem.

Ko končaš z reševanjem, PREPIŠI vse naloge v zvezek, nato jih
PRETIPKAJ v wordov dokument in pošlji na naslov:

Just kidding 😊 I hope you read the e-mail address carefully 😊

After you are finished, you don't have to do anything. Next lesson, I will send you the answers. All you have to do is check them and write to me, if you have any questions.

Ko končaš, ni treba narediti ničesar. Naslednjo uro vam bom poslal rešitve. Preverili boste odgovore in mi poslali mail, če imate kakšno vprašanje o snovi.

That it all for today, have a great day 😊
