

Hello everyone 😊

Hope you had a great weekend, now it's time to do a bit of work again. Nothing too difficult, just a few basic things.

### 1<sup>st</sup> exercise

Open your books on page 76. Look at the pictures at the top of the page and the words under number one.

In your notebook, match the words with the numbers.

Example:

1. Fridge

If you don't understand a word, just remember, Google is your friend.

So is the PONS dictionary. 😊 <https://sl.pons.com/prevod>

### 2<sup>nd</sup> exercise

- a. Read the text under exercise 2a. Write down the words you don't understand and find their meaning.

Again, Google and PONS know a lot 😊

Also, look at the video from the link below to find out more about Richie Sowa's island.

<https://www.youtube.com/watch?v=El6AU3riRI8>

- b. Copy the questions under 2b and write the answers.

### Bonus round:

Use Google to find out if Richie's island is still there.

And, as always, have a great day 😊
