

Hey, everyone 😊

So, yesterday we talked about the “will future” tense. Today, all you have to do is some exercises on the topic.

So, open your workbooks and to the exercises on pages 82, 83 and 85.

And yes, you read this correctly, you don't have to do page 84 😊

That's it. That's all the information you need for today. Easy peasy 😊

You don't have to send me anything, because we will check the answers during our Zoom lesson.

And, as always, have a great day 😊
